Description

FG Wilson Perkins P70 generator set sound muffled. 70 kVA ex Emergency power. With Super Silent housing. What makes this machine so special is the internal Loadbank. This means that you can test the machine under load without having to connect external devices to it. This option ensures a longer lifespan and clean consumption. The set is ideal for horticulture, for example. The machine is in new condition! & is very well maintained, this is fully demonstrable. Only 413 operating hours. Well running machine. Equipped with new lubricating oil and new diesel and oil filter. Internal exhaust and internal diesel tank. The machine is easy to connect to any distribution box. (Mushroom) The generating set has been load tested. With: - Breaker - Spark arrester - Supersilent housing - Internal diesel tank with a capacity of approximately 750 liters in a drip tray - Double walled drip tray - Automatic start and manual start - Internal load banks (for easy testing at full power) - Crankcase drain pump - Double battery mass switch - Double batteries - Turbo - Engine protection - Control panel - With internal exhaust system Dimensions: Length: 366 cm Width: 111 cm Height: 207 cm Extra option: Stray closet with cable. Of course we also have a service technician to connect the machine at your location. Exchange is of course also possible. If you would like to sell your generator, please let us know. Price is ex VAT. See also our other ads.
