Description

X-SOLAR 24V 800Ah – Powerful Mobile Energy Solution Mobile light tower with Dutch registration, including trailer – easy to transport! For sale: an X-SOLAR energy/power supply unit, manufactured in 2024, equipped with a powerful 24V DC battery with a capacity of 800 Ah. An excellent solution for professional use at locations where a reliable power supply is required, including sites without direct access to the electrical grid. The unit is solidly built and features a robust housing. Thanks to the combination of a large battery capacity and a mains connection, this system is suitable for a wide range of professional applications. Specifications Brand: X-SOLAR Year of manufacture: 2024 Type: X-SOLAR Battery voltage: 24 V DC Battery capacity: 800 Ah Mains connection: 230 V Current: 16 A Frequency: 50 Hz Dimensions (L × W × H): 3386 × 2090 × 2560 mm Weight: approx. 1,430 kg Serial number: 560240157 Country of origin: Made in Italy Applications This X-SOLAR unit is suitable for a wide range of professional applications, including: Construction and work sites Temporary power supply Mobile installations Events and temporary facilities Locations without a permanent mains connection Professional and industrial applications The large 800 Ah battery capacity makes the unit suitable for situations where power needs to be available for extended periods. The 230V mains connection also provides the possibility of connecting the unit to the electrical grid and charging the system. Condition The unit is in very good and clean condition. Some minor signs of use and light dirt are visible, consistent with professional use. The metal housing is robust and designed for demanding working environments. The light tower is supplied with a trailer and Dutch registration, making it easy to transport to different locations. Viewing is possible by appointment. Interested parties are welcome to inspect the unit and, if desired, assess its technical condition and operation on site. Interested? A professional and versatile energy solution for construction companies, contractors, event companies, rental companies and other businesses looking for a powerful 24V / 800Ah mobile power supply and light tower. Please feel free to contact us for more information, additional photos, a viewing or a serious offer.
